

Statewide Behavioral Health Goals:

↑ Goals for Improvement	↓ Goals for Reduction
Care experience	Suicides
Access to care †	Overdoses †
Prevention and treatment of co-occurring physical health conditions	Untreated behavioral health conditions †
Quality of life	Institutionalization †
Social connection	Homelessness †
Engagement in school	Justice-Involvement †
Engagement in Work	Removal of children from home †

Health equity will be incorporated in each of the BH Goals

DHCS has initiated a Behavioral Health Transformation committee: **Quality and Equity Advisory Committee (QEAC)** to determine metrics associated with each of these goals on which counties will then report.

In the Integrated Plans, counties are **required** to complete planning and data collection on all † six priority goals *and* select one additional goal.

There are fourteen Behavioral Health Goals. Seven of the goals, DHCS is looking for improvement. Seven of the goals, DHCS is looking for reduction. On the following pages you will see where Alameda County is when compared to the statewide rate.

The green arrow pointing upwards symbolizes Alameda County is above the statewide rate.

The equal sign symbolizes Alameda County is equal to the statewide rate. Alameda County used a 1% variance to indicate equal.

The green arrow pointing downwards symbolizes Alameda County is below the statewide rate.

Access to Care

Primary Measure
